Subject: NADE Constitution & Bylaws End Year Report 2022

The Constitution & Bylaw Committee has continued to make itself available to research/answer any questions received from President Marjorie Garcia and President-Elect Jennifer Nottingham, as well as from other NADE board members.

During this period there have been questions received that needed clarification. These questions were researched and answered promptly.

I continue to regularly review and become more familiar with the NADE bylaws in order to be available to provide advice and answer questions from local chapters, Board officers, and others.

As we end this year and embark on a new year, I hope the current committee members, as well as other new committee members, will continue to work assisting chapters and regions with various tasks, as needed.

I would like to thank President Marjorie Garcia, for allowing me to serve in this capacity for the betterment of the National Association of Disability Examiners (NADE).

Committee members:  
Sabrina Little Axe, Oklahoma City, OK  
Linet Osoro, Jefferson City, MO
