Subject: Year-End Report 2022

Michigan- No Activity
Kalamazoo Michigan-No Activity
Wisconsin- chapter hiatus
Illinois- pending report
Indiana-no chapter

Ohio-
The Ohio Association of Disability Examiners continues to make 2021-2022 the best year possible.

While membership, particularly active membership, is low, we have added another adjudicator to our ranks in June. We completed our Donate Life month project of donating shawls to Lifeline of Ohio again this year. We celebrated NDPW with recognition for members and a social “appreciation” event is in the works.

Looking forward to the 2022-2023 year, OADE is planning to reinstate our state training conference this fall; the conference will be virtual, as most of Ohio’s staff continues to work from home, plus being virtual allows us a greater range of presenters. We have several staff attending the 2022 National Training Conference and will be eager to bring back helpful knowledge to our peers.
