Subject: Mid-Atlantic Regional Director

The Mid-Atlantic Regional Directory, Nicole Mayberry, retired her position July 1, 2022. Prior to leaving the WV DDS, Nicole recounted her activities for the region.

As a first year Regional Director, she was mentored by Kristina Burbank (RD). Nicole forwarded emails from the President as needed and reached out to chapters and members at large to offer support and answer questions. She forwarded inquiries to the President and Board as appropriate.

Nicole attended the Midyear Board meeting in Baltimore, Maryland and contributed significantly to the discussions.

Reports from the Region:

VADE (Virginia):

Unfortunately, working remotely has significantly affected member participation within our chapter and I do not have anything to submit for the end of the year report. However, our agency has mandated most employees return to the office this month. I am hopeful that with most of the staff returning to the office, VADE can recruit more members and revitalize chapter activities. In the past, we've held back to school supply drives, Toys for Tots and Santa for Seniors community events. Additionally, VADE will be sending 2 members to the NTC in VT. We will also be sending 2 door prizes, along with an auction item. As a past conference participant, I am excited that the NTC has returned this year and wish you continued success as you move NADE forward.

CADE (Washington DC)

I'm sorry to report that we don't have any news to submit. We don't currently have a chapter president. We haven't had chapter activity since our office closed for the pandemic in March 2022. We were gearing up to have a "Caribbean Feast" when our office abruptly closed. During the pandemic we had no activities and little to no interest from staff to participate in any activities virtually. When we returned to the office in July 2021, there was still no interest, so the board dissolved. CCP email correspondence was shared with CADE members.
