Subject: NADE President Elect Year End Report 2022

As NADE president-elect I have worked with the NADE president and been available for consult and advice. I have participated in board meetings and phone calls with the Office of Disability Determination.

Most recently I have had regular meetings with the Vermont chapter to help with the planning and preparation for the national training conference. I have also had communication with the Montana chapter to begin plans for the 2023 national training conference.

I have been working with members to fill committee chair for the coming year.

I appreciate the opportunity to serve NADE and look forward to the coming year.

Respectfully submitted,

Jennifer Nottingham

NADE president-elect
