Subject: NADE Support Staff Committee Mid-Year 2023 report

Hello!

I have been busy making contact with potential Support Staff Committee members and still hope to increase Support Staff Committee membership.

We continue to try to make the Member Group on the NADE website a primary source to go to for questions, comments and recommendations.

The biggest concerns brought to the Support Staff Committee have been support staff burnout, attrition, and training issues.

A thank you to the members on the committee so far of Jennifer Nottingham, Liz McGee and James E. Scott.

Sincerely,

Crystal Bach
2022-2023 Support Staff Committee Chair
